

**COMMRC 3001 / Prospectus Research or
COMMRC 3002 / Professional Development**

Under individual guidance of a designated research faculty member, students design, propose, and execute a major professional development activity (e.g., article, conference paper, or grant proposal) or related set of them, not necessarily related to their dissertation topic.

Course Requirements

- **Short proposal and description of project design, including students' name and course proposed (attached to this form and approved by course supervisor and DGS prior to course registration)**
- **Signed verification by course supervisor that proposed work has been completed (prior to submission of a letter grade by course supervisor).**

Approval of Proposal

These signatures certify that the attached proposal meets requirements for CommRC (check one):

➤ **3001 *Prospectus Research***

or

➤ **3002 *Professional Development***

(form should be secured prior to course registration)

Student (print) _____ **(sign)** _____ **(date)** _____

Course Supervisor(print) _____ **(sign)** _____ **(date)** _____

Director of Graduate Studies _____ **(date)** _____

Certification of Completed Work

This signature certifies that work proposed in the attached proposal has been completed by the student, and that the course supervisor will enter a letter grade.

Course Supervisor _____ **(date)** _____
